

The Wild Game Feed is an annual event for guys only. The evening includes delicious wild game (deer, elk, bear, duck, goose, moose, pheasant, fish and venison chili) prepared by experienced outdoor cooks with favorite recipes. It is a great night for sons, fathers, grandfathers and friends from Willmar Assembly to enjoy a night out with the guys.

We enjoy a meal together and a special speaker. We have a team of dedicated volunteers (we are always needing more help to serve the 500 men who attend) who coordinate the evening. The free tickets go quickly as we give up to 3 tickets per request. We ask attendees to help by bringing a desert.

We celebrate the outdoors and the privilege to hunt and fish. We just completed our 25th annual Wild Game Feed, annually held the third Saturday evening in November.
